

APPLICATION

Submission deadline: July 1, 2016

Notification of acceptance: July 8, 2016

DIGITAL RESEARCH START-UP PARTNERSHIPS FOR GRADUATE STUDENTS

SUMMER 2016, UCLA LIBRARY

Please fill in the fields below and attach a project description (limit 3 pages single-spaced, not including CV) providing the following information:

- Overall research question and brief explanation of its relevance
- Scholarly goals and objectives for the summer project
- The materials that will form the basis of the project
 - If born-digital, explain how they will be accessed and used
 - If digitization is necessary, describe origins of the source materials and desired format of the digitized version, as well as the anticipated process of digitization
- Clearly identified deliverables such as a conference paper, journal article, website, etc. (Note: complete dissertations should not be submitted as deliverables)
- Types of digital scholarship tools and methods that you expect to use
- A brief evaluation of your pertinent technical skills, identifying areas in which you would benefit from consultation and partnerships with project specialists
- A realistic schedule/timeline for your project (program duration: July 18 - August 31)
- A budget listing the projects' funding needs and other sources of support (if available)
- Curriculum vitae
- Faculty supervisor (if applicable)
